SUN METALS COMPLETES ACQUISITION OF LORRAINE

Vancouver, B.C. – Sun Metals Corp. (“**Sun Metals**”) (TSXV: SUNM) and Lorraine Copper Corp. (“**Lorraine**”) (TSXV: LLC; OTCQB: LRCPF) announce the successful completion of Sun Metals’ previously announced acquisition of Lorraine pursuant to which Sun Metals has indirectly acquired all the issued and outstanding common shares of Lorraine (each, a “**Lorraine Share**”). With the completion of the transaction, Sun Metals now owns a 100% interest in the Stardust project in northcentral British Columbia (the “**Stardust Project**”).

Summary of the Acquisition

Pursuant to a court approved statutory plan of arrangement under the *Business Corporations Act* (British Columbia) (the “**Arrangement**”), shareholders of Lorraine (the “**Lorraine Shareholders**”) received 0.54 (the “**Exchange Ratio**”) of a common share of Sun Metals (each whole share, a “**Sun Metals Share**”), for every Lorraine Share held.

The Arrangement has been implemented through a triangular amalgamation under the *Business Corporations Act* (British Columbia) in which Tsayta Resources Corporation, a wholly-owned subsidiary of Sun Metals, has amalgamated with Lorraine to become a wholly-owned subsidiary of Sun Metals.

Upon closing of the Arrangement: (i) all outstanding stock options of Lorraine were exchanged for options to purchase Sun Metals Shares on the basis of the Exchange Ratio; and (ii) all unexercised Lorraine Share purchase warrants were exchanged for warrants to purchase Sun Metals Shares on the basis of the Exchange Ratio and will expire in accordance with their current expiry dates.

Following completion of the acquisition, Sun Metals’ issued and outstanding shares totals approximately 120.5 million and its market capitalization amounts to approximately \$77.1 million, based on Sun Metals’ closing price on the TSX Venture Exchange on April 11, 2019.

Lorraine Shares were delisted from the TSX Venture Exchange effective at the closing of the market on April 12, 2019.

Sun Metals Investor Relations Appointment

Susie Bell has been Sun Metals’ Manager, Investor Relations since the Company’s inception in 2017 and will continue to provide such services going forward. Ms. Bell has over 15 years of investor relations and corporate communications experience. Prior to joining the Oxygen group of companies in 2017, Ms. Bell worked in investor relations at Methanex Corporation. Prior to this, she was Manager, Investor Relations at Hunter Dickinson Inc. where, during her 10-year tenure with the group, she gained extensive experience in the metals and mining industry with a proven track record of success in with exploration, development and production companies.

As part of her compensation, on May 2, 2018 Ms. Bell was granted incentive stock options exercisable to purchase up to 150,000 Sun Metals Shares at an exercise price of \$0.25 per Sun Metals Share exercisable until May 2, 2023, and on December 24, 2018 Ms Bell was granted incentive stock options exercisable to purchase up to 50,000 Sun Metals Shares at an exercise price of \$0.28 per Sun Metals Share exercisable until December 24, 2023. Ms. Bell is an employee of Oxygen Capital Corp., a private company which

provides technical and administrative services to Sun Metals, and she provides services on an as-needed basis. Ms. Bell currently has no direct or indirect interest in the securities of Sun Metals, or any right to acquire such an interest except pursuant to the exercise of the above referenced stock options.
